KIDS COUNCIL

The world needs better leaders

*Kids' turn to
call the shots!*

Adults have been in charge forever. They mean well, but keep making the wrong choices. Somehow they believe money and power are king. If it was up to them, kids would care for our planet, would never allow suffering, would never choose things over time, love or play. And they would always, ALWAYS, choose peace.

THE IDEA

Create a kids council with voice and vetting power in decision forums around the globe

*

Membership based on inclusion and trust with children from all the corners of the world

*

Flexible fee from 10c to 10usd a month (according to income bracket)

*

Organised with clear responsibilities and tasks depending on age

*

Fee will be used to articulate a program that will develop leadership skills through collective action

*

* Kids Council STRUCTURE

Organisations provide knowledge and paths for collaboration

ACTION AGAINST HUNGER, AMNESTY INTERNATIONAL, CARE INTERNATIONAL, GREENPEACE, MSF, LAN INTERNATIONAL, ICRC, SAVE THE CHILDREN INTERNATIONAL, CHILDREN VILLAGES INTERNATIONAL, UNHCR, UNICEF, WORLD FOOD PROGRAMME, WORLD VISION, WWF

Every member takes a **pledge** to commit to 1 month, 1 trimester, 1 semester, or 1 year

The pledge is placed by signing the member **manifesto** and paying the membership **fee**

Every kid could use participation as a stepping stone into a **career path** upon graduation

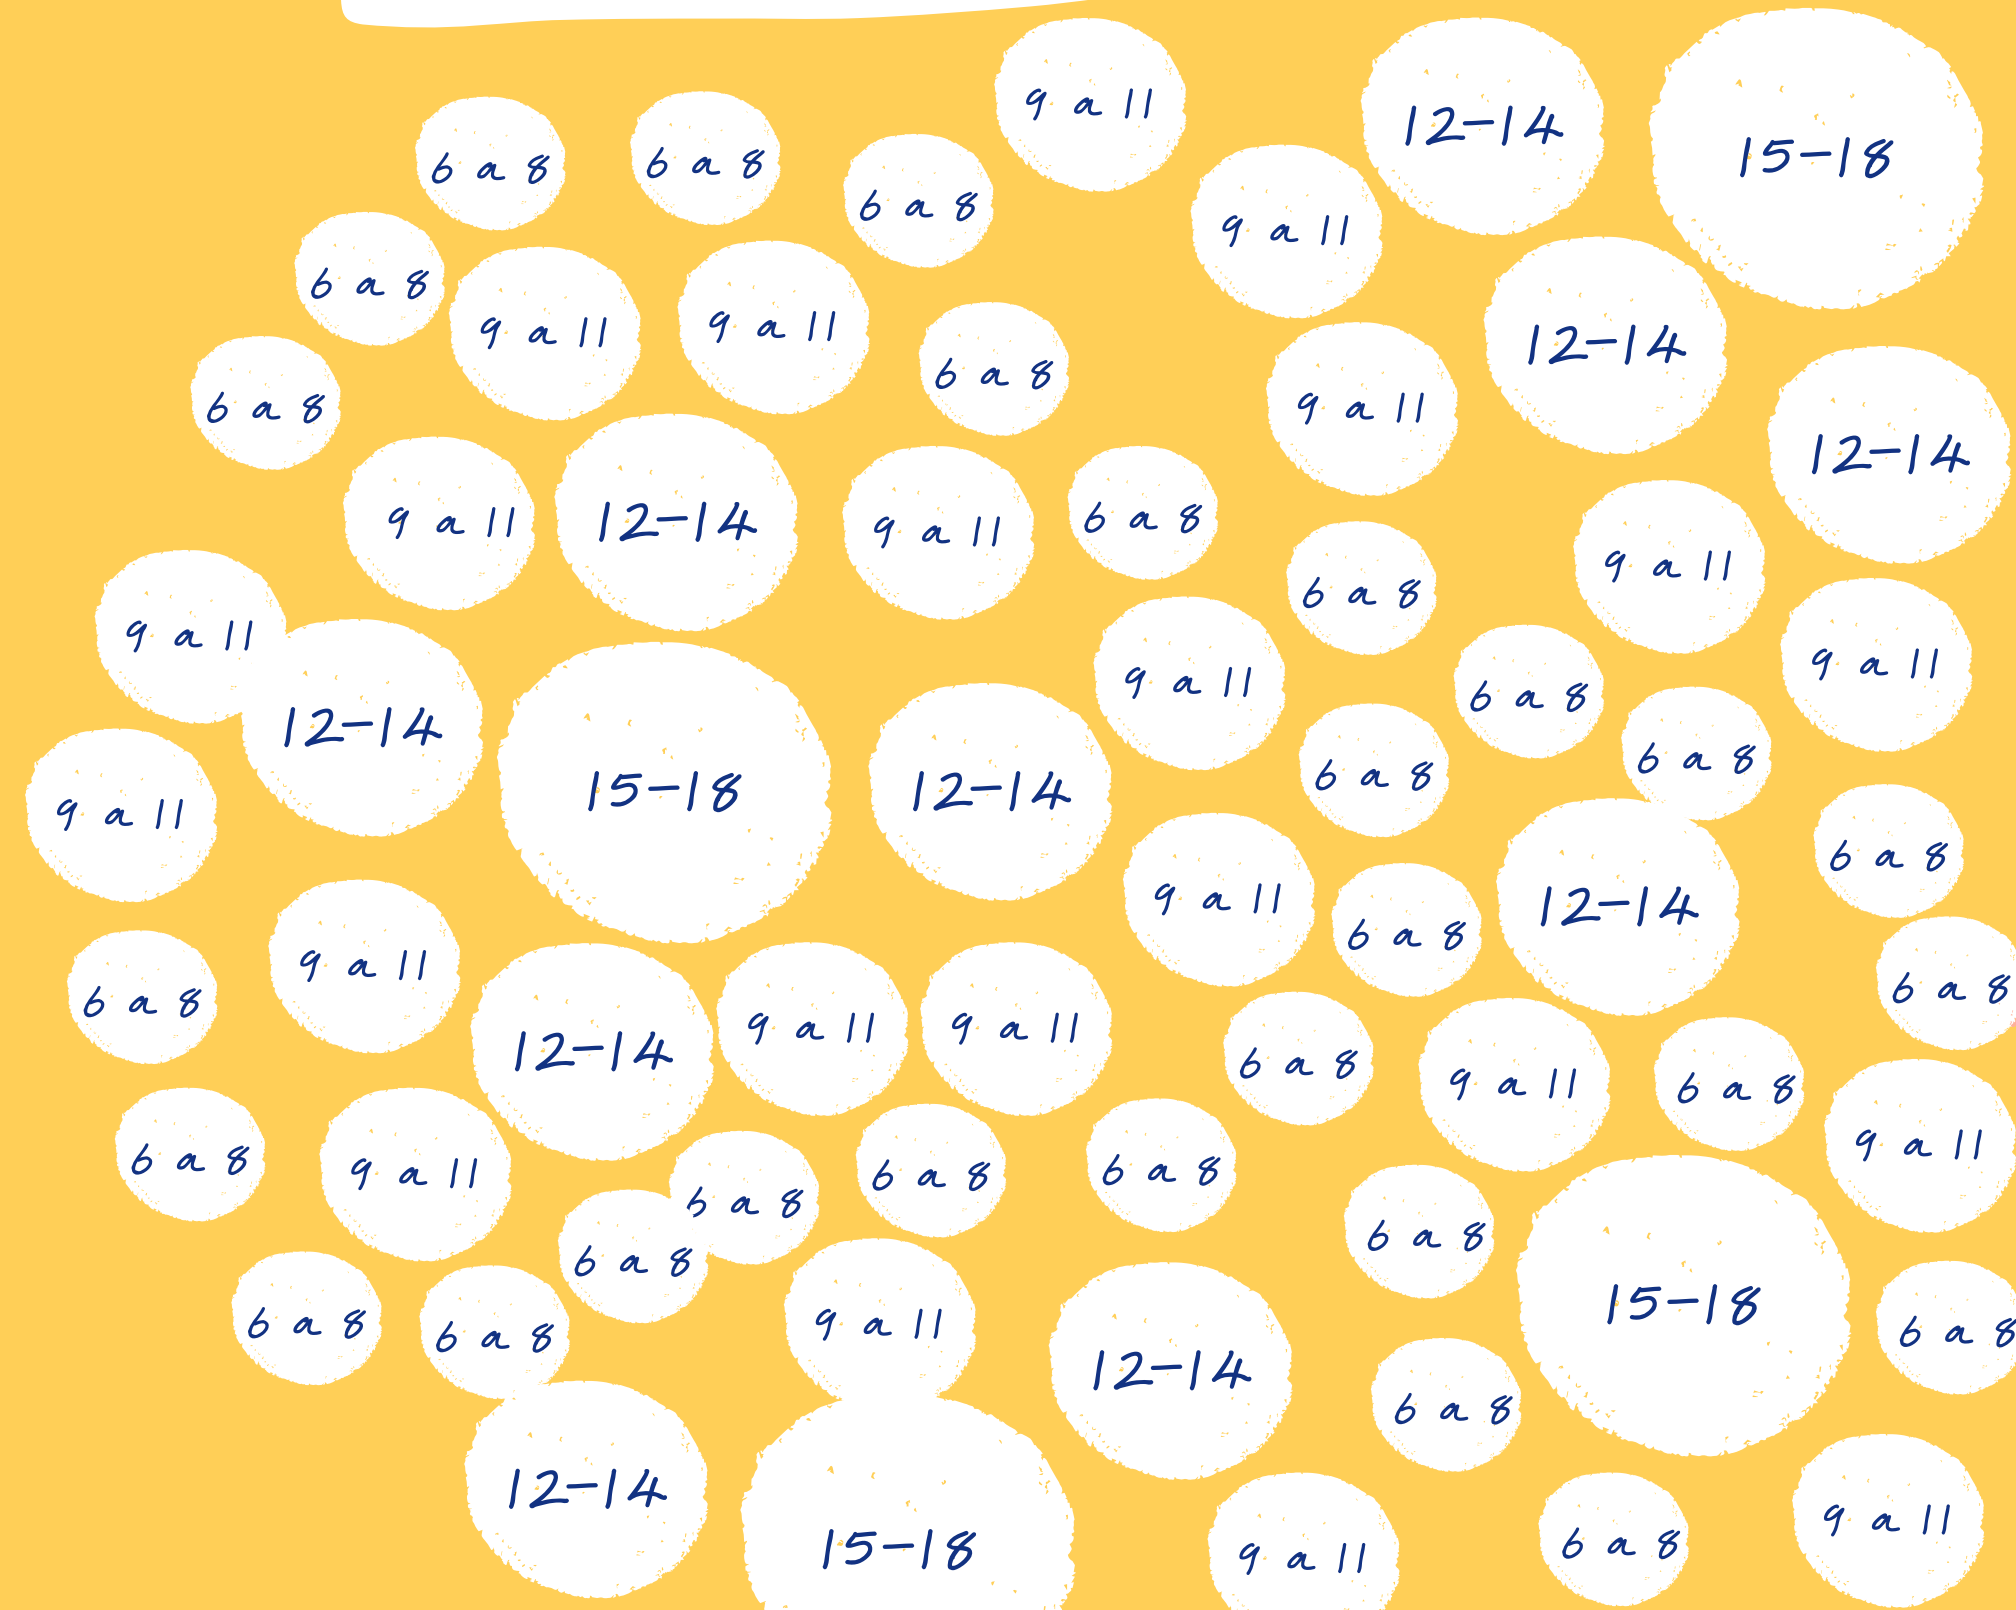

MANIFESTO

Every kid **gives** something and **gets** something

Every kid **teaches** and **learns** (has a tutor from one age bracket above and tutors someone one age bracket below)

Kids have to **report** on what they see and **recommend** actions to improve what they are reporting on

Success will be measured against the Kids Council **active participation** in decision making forums at any level (schools, businesses, government, summits, etc.)
